Summary:

A driven and creative junior frontend developer with fullstack ambitions. By combining my technical expertise and eye for design, I create functionally solid and visually appealing web applications. I thrive in team environments and value collaboration and knowledge sharing. After changing careers from the music industry and healthcare, I've developed the ability to work efficiently under pressure and think creatively to solve problems—skills that now enhance my work as a developer.

Technical skills:

Frontend:

React, Next.js, TypeScript, JavaScript, HTML, CSS, Tailwind CSS, Storybook, Responsive Design

Tools & Testing:

Jest, React Testing Library, Git, GitHub

Backend:

Node.js, Express, MongoDB (NoSQL), Prisma, PostgreSQL

Other:

REST APIs, GraphQL, Agile Methods (Scrum/Kanban), Figma

Work experience:

Fullstack Developer – Freelance

June 2024 – Ongoing

- Currently developing a website for a music publishing company using Next.js and Tailwind CSS, with a focus on aesthetics, responsive design, and performance optimization.
- I continuously stay up to date with modern development techniques and work on personal projects to further develop my skills.

Frontend Developer – Stim, Stockholm

November 2023 – May 2024

- Implemented a new design using **React**, **TypeScript**, and **Tailwind CSS**, which increased overall user activity by **20%**.
- Created reusable and optimized components and became familiar with the **CI/CD principle**.
- Collaborated with experienced developers in an agile environment to solve project challenges and ensure code quality through unit testing.

Nursing assistant – Stockholms Stad

February 2017 – Ongoing

- Independently manage the responsibility of providing quality care to patients and work efficiently in a team.

Songwriter/music producer – Freelance

August 2013 – December 2020

- Wrote and produced music with a focus on meeting strict deadlines and delivering high-quality results within set timeframes.

Education:

Frontend Developer – August 2022 – May 2024

KYH, Yrkeshögskola, Stockholm

Songwriter/music producer – August 2013 – June 2015

Musikmakarna, Yrkeshögskola, Örnköldsvik
